Academy of Art University Automobile Museum – San Francisco

I joined a Cadillac & LaSalle Club tour a few weeks back and saw some of the most interesting, rare and well restored cars around. Fellow MPOTAC members, Don Barnes and Jeff Nielsen were there along with many car people we've probably all seen at shows and tours over the years.

There is a waiting list of other automobile organizations who wish to visit and an entrance fee. We could apply for a MPOTAC tour or partner with another club if there is sufficient interest.
