

# Oktoberfest 2016

## . . . another MPOTAC success!

Thanks again to all who participated in yesterday's annual show at St. Matthias Church in Redwood City. At last count, there were 23 vehicles, including two classic motorcycles. You inspired some of St. Matthias' parishioners to show their own vehicles, adding to the fun. Also, thanks for inviting fellow car buddies to join us. It's these events that often turn our friends into MPOTAC members; keep up the good work.

**BIG MISTAKE** – I forgot to bring a supply of Club application forms! Several of you asked for a copy to help you sign up prospective members and I had none. A couple of guests approached me about membership too and all I could do was take their name and phone or email. I'm sending applications to those folks today and have included a digital copy for you with this bulletin. Please use these to make copies and carry them in your car . . . don't follow in my footsteps!

Webmaster Ted Panofsky will place photos taken yesterday in the "Gallery" section of MPOTAC website [ [www.mpotac.org](http://www.mpotac.org) ] as soon as we send them to him. Please send yours to Ted at [rotus8@sonic.net](mailto:rotus8@sonic.net).

Thanks again for coming out to this annual event . . . yes, church staff member Liz Hobart asked ***"can you guys come back next year?"*** I'll be there; you?
